Add Value and Protect Your Investment with a Top-Quality Paint Job by one of Nelson's Leading Painting Companies

Your house or business is probably the biggest and best investment you have made. Now give it a great paint job to maintain the quality and add value.

After all, the last thing you want is for your property to deteriorate, not just in how it looks - flaking paint, dirt and moss growth everywhere - but also in terms of its structural integrity - water seepage, mould and rotting wood - just to name a few potential issues.

At the end of the day, the durability and value of your property is worth the relatively small investment of a quality paint job.

Trusted painters who respect your property as much as you do...

All jobs are equally important to us and we work reliably and diligently with great attention to detail.

We are a Dulux-accredited painting company and belong to Master Painters New Zealand, which means we have proven ourselves to one of the biggest names in the painting industry.

We greatly respect your property and privacy and take care to cover everything well and clean up after ourselves at the end of each day.

Memberships and Accreditations

Master Painters , Dulux Accredited.
